**ALIGNMENT GUIDE**

- Any color can be used for this.

## CUT THE PATTERN

- When finished embroidering, remove the hoop from the machine and trim the threads. Rip off the water-soluble stabilizer and cut away the backing stabilizer.
- Align the **HEAD SIDE (A)** pattern onto the embroidery, matching up the paper with the alignment stitching.
- Pin the paper pattern in place (or trace the outline). Cut around the pattern. Use the fabric as usual with the rest of the project instructions.
