HAT SPOTS (6X10 & 5X7) SIZE

Included here are the applique spot designs for the **HAT TOP** (A1, B1, or C1). These are the options for the **6x10** or **5x7** sizes, which covers the entire front of the hat.

See the next design for the **4x4** size.

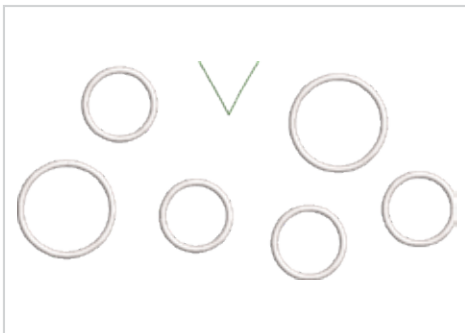

Because the files have nearly the same colors and instructions, they're grouped together here for efficiency.

- **15" SIZE:** 11" x 9"
- **16"-17" SIZE:** 12" x 9"

Two pieces of 7" x 5" white fabric for spot applique

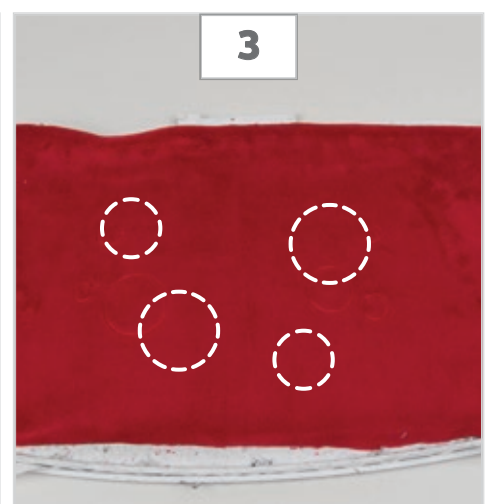

HOOP YOUR FABRIC

- The sample is hooped with the floating method, so the fabric is adhered to the top of cut-away stabilizer. Water-soluble stabilizer is taped on top later.

APPLIQUE PLACEMENT

- This creates a guideline for placing your **SPOT** fabric.

REMOVE THE HOOP

- Remove the hoop from your machine. Trim the threads.

COLOR B

PLACE THE APPLIQUE FABRIC

- Place the **SPOT** fabric over the stitched guideline.
- Tape the edges of the fabric in place to hold for the next stitching.
Place the hoop back in the machine.

APPLIQUE OUTLINE

- Use a thread color that matches your applique fabric for this step.
- This secures the edge of the **SPOT** fabric.

lint roller

TRIM THE APPLIQUE FABRIC

- Remove the hoop from the machine. Trim the threads.
- Trim the **SPOT** fabric as close as you can around the stitching. Use curved embroidery scissors for the best result.
- Run a lint roller over the cut edges if using a fur fabric like minky. This will eliminate any stray fuzz. Tape water-soluble stabilizer over the whole embroidery area. Place the hoop back in the machine.

ADD THE TOP STABILIZER

- a. Tape water soluble stabilizer over the whole embroidery area.

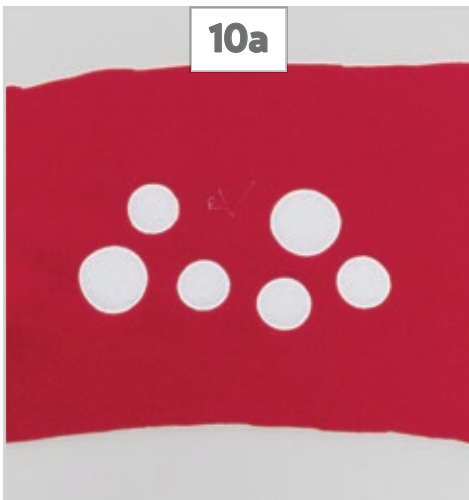

SPOT OUTLINES

- White is the character accurate color to use here.
- This will sew a satin stitch to cover up the cut edge of your **SPOT** fabric.

ALIGNMENT GUIDE

- Any color can be used for this.
- This stitches out a guideline for cutting the pattern piece.

CUT THE PATTERN

- a. When finished embroidering, remove the hoop from the machine and trim the threads. Rip off the water-soluble stabilizer and cut away the backing stabilizer.
- b. Align the **HAT TOP (A1, B1, or C1)** pattern onto the embroidery, matching up the paper with the alignment stitching.
- c. Pin the paper pattern in place (or trace the outline). Cut around the pattern. Use the fabric as usual with the rest of the project instructions.

CUT THE PATTERN

- When finished embroidering, remove the hoop from the machine and trim the threads. Rip off the water-soluble stabilizer and cut away the backing stabilizer.
- Align the **HAT TOP (A1, B1, or C1)** pattern onto the embroidery, matching up the paper with the alignment stitching.
- Pin the paper pattern in place (or trace the outline).
If you haven't already, note the **notch markings** found on the paper pattern. This marks the center front (or back) edge. We'll use this edge to sew later, so it's helpful to mark it while you're cutting. Cut around the pattern, making a notch in the fabric at the marking if desired. Repeat this 3 more times so you have spots for all four of your hat top pieces.

CREATE THE FRONT & BACK HALVES

- Take two of your new hat top pieces, one left and one right. These pieces will join together along the **notched edge**. Flip one over and line it up with the other so right sides are facing and the **notched edges** align. Pin the fabrics together.
- Sew the pieces together along the **notched edge**. This will complete the front of the hat so you can use it with the rest of the pattern as usual.
Repeat this step once more with your remaining hat top pieces to form the back of the hat.
